OLD PEOPLE'S HOME, City Union of The King's Daughters and Sons to Work for One.

The Willimantic City union of The King's Daughters has issued the following announcement: The King's Daughters and Sons are to work for an old people's home. Our agitation and work for seven years for a hospital in our midst was not in vain, as Willimantic is now blessed with two fine hospitals. We now in the same spirit start the ball rolling for an old people's home, knowing that there is a crying need for such an institution and has been for years. It may take years and we ourselves may never build it, but we shall endeavor to do our part. Any one destring to aid in this good work can notify any of the following officers: Mrs. Austin D. Boss, chairman: Mrs. Robert B. Brown, vice chairman; Mrs. Robert B. Brown, vice chairman; Mrs. Luicus S. Bigelow, recording secretary; Mrs. Fred L. Swift, treasurer.

BIRTHS NOT RECORDED. County Health Officer After Polish Midwives.

An unlawful state of affairs has been brought to light by the Willimantic City Medical society, one that result in the punishment of a number of persons if the matter was pressed as it is against the statutes and considered in the light of a criminal offense of a serious nature.

The matter was brought to the attention of the county health officer,
George E, Hinman, some time ago, by
the Willimantic City Medical society.
Midwifery has been unlawfully practised more particularly by some Pollsh
women of the city for a number of
years, doubtless through ignorance of
the law. Many births have occurred
of Pollsh children of which no record
was returned to the proper authorities. of Polish children of which no record was returned to the proper authorities. This was investigated by County Health Officer Hinman, who, after consulting the baptismal records, found a considerable number of births that had not been returned to the registrar of vital statistics and consequently do not appear upon the town records. Health Officer Hinman made a cerisus of all such births that he could find and twenty-five returns were made on Wednesday to the town cierk and in all probability as many more will follow. Those recorded Wednesday were of children born in this city during 1908, 1909 and 1910.

This matter will be carefully followed up and all births of children among that particular nationality will be as-

that particular nationality will be as-certained as accurately as possible.

NORMAL SCHOOL CLOSED As Precautionary Measure to Prevent Spread of Typhoid Fever.

At the close of the morning session at the Willimantic normal school on Wednesday noon the school was de-clared closed and during the afternoon the trains and trolleys carried the great majority of the students to their respective homes. Since one of the students, Miss Holt, and the librarian, students. Miss Holt, and the librarian, Miss Rawson, became ill with scarlet fever, the attendance at the school has fallen off noticeably and while no new cases have developed as far as is known, in view of the fact that a number of the teachers and students have been exposed to the disease it was deemed best to close the school Wednesday for the balance of the week at least

at least.

In all probability the school will not be repoened until after Washington's birthday, February 22. City Health Officer Dr. W. P. S. Keating, said on Wednesday that no new cases had been reported to him. The Windham high school still continues in session, none of the Willimantic pupils having contracted the disease, but the Windham street schools are closed. Four pupils of the high school have the disease, but all live in other towns, two in Columbia and two in Lebanon.

Jenkins and Bill Collins to Wrestle. The Windham Athletic club has a match that will doubtless be as good as any ever seen in the city, as the contestants are about evenly matched as to weight and science, it is thought. Young Jenkins of Worcester, and Bill Collins of Central Village are the star grapplers to fight it out for mat honors and they will be preceded by a couple of fast preliminaries.

The Pioneers of Moose Jaw.

Moose Jaw, ip far-away Saskatchewan, has asserted itself. It is no longer content to be a more or less indistinct dot on the map of Canada, but aspires to become a rival of Assinibolne, Medleine Hat and Attahwahpiscat. Its horny-handed tillers of the great grain ranches purpose to get into the swim and indulge in some of life's innocent, even if comparatively costly, fillarity.

The people of Moose Jaw do not do things fractionally. Most of them immigrated to the Saskatchewan country from the States. They have come to realize that, while the new farming region affords facilities for the rapid accumulation of bank rolls, many of the little conveniences of life are lacking; and, like the game for which their metropolis was named, they march as a unit. Mr. and Mrs. Lucius R, Hazen of

Worried by Gov. Haskell.

Gov. Haskell of Oklahoma is a busy, hustling, aggressive man, and no doubt a great factor in the development of the new state; but he gets perilonsly near the boundary line of diremspection at times, if he does not actually overstep it. And these times are not few. His conduct compeled his withdrawal as a chief figure in the last democratic campaign, and since then he has been engaged in sidestepping indictments and dodging charges of a most serious character.

Oklahoma's chief executive may be a good man, and a powerful factor in the land. No doubt he is, in the opinion of his friends. The wish is not unnatural, however, that one so high in the counsels of his party should be more fortunate in avoiding entanglements that bring him in unpleasant contact with the courts of the country. Were he a private in the ranks, one of the people a mere numerical abstraction, his course and complications need excite no comment because interest in him would be small. As a democratic leader of national stature, his actions are solicitous concern of every member of his party.—Nashwille American.
